EDUCATION

Trinity Institute Of Technology And Research

Bachelor of Technology in Computer Science, - **CGPA - 8.0**

2020 – 2024

Bhopal, IN

School Of Excellence

Class XII, MPBSE, Secured - **65%- Percentage**

2018 – 2020

Chhindwara, IN

Relevant Coursework

- Data Structures
- Database Management System (DBMS)
- OOPS Concept
- Software Engineering
- Design and Analysis of Algorithm
- Operating Systems

INTERNSHIP

Integration IT Services

SEPT 2022 – NOV 2022

MERN-Stack-Internship

Bhopal, IN

- Completed a MERN Stack internship with Integration IT Services, gaining hands-on experience with web development technologies.
- Developed proficiency in HTML, CSS, JavaScript, React, Bootstrap, and Node.js during the internship.
- Successfully contributed to a project titled "Faculty Review System," which involved creating a user-friendly feedback system for faculty members.

PROJECTS

Gallery-APP | React, Cloud Firebase

MAR 2023

- Designed and developed a dynamic "Gallery-APP" that allows users to upload and store images securely on the cloud using React and Firebase.
- Implemented various features, including user authentication, image storage, and client-side routing using React Router V6.
- Utilized the Context API to manage the state of the application, providing a seamless user experience.
- Demonstrated problem-solving skills by handling different states and user interactions within the app.

Faculty-Reveiw -System | React.js, Node.js, MongoDB

NOV 2022

- Created a robust "Faculty Review System" using React.js for the frontend, Node.js for the backend, and MongoDB as the database.
- Implemented user registration, authentication, and feedback submission functionalities to provide a complete user experience.
- Gained valuable experience in full-stack web development and database management.

TECHNICAL SKILLS

Languages: C, C++, Python, JavaScript, SQL, HTML/CSS

Developer Tools: Git, GitHub, VS Code, Visual Studio

Technologies/Frameworks: ReactJS, NodeJS, MongoDB

Personal Skills: Problem Solver, Collaborative, Critical Thinker, Determined, Adaptive Learner

CERTIFICATIONS

- Introduction to Cyber Security - CISCO
- SnackDown 2021 - CodeChef
- Python - Hacker Rank
- Node.js Essential Training - LinkedIn
- Machine Learning with AI using python - Quantum Learning
- Software Engineering - Forage
- The Complete Ethical Hacking Course - Udemy

ACHEIVMENTS

- Top 21% in leetcode users -Leetcode
- Solved 270+ Question on -Leetcode
- Solved 135+ Question on -CodeChef
- Institute Rank 3 -GeeksForGeeks
- Solved 170+ Question on -GeeksForGeeks

CODING PROFILE

- @LeetCode
- @GeeksForGeeks
